## WE'RE MAKING A MARK ACROSS THE GLOBE

Tata Steel Global Wires Business - one of the largest steel wire manufacturers in the world - has made a mark as a major supplier of bead wire to domestic and international tyre companies. We have now launched Steel Tyre Cord in association with Sumitomo Electric Industries to cater to the total steel reinforcement requirement of our customers. Through Joint Development Programs with key partners, we are shaping the future of our industry, and our initiatives have earned us several awards. With substantial investments in R&D and the latest technology, we aim to set new quality and service standards for the global steel wire industry.
