

# Giving the end a new beginning

We, at **GRP**, believe that the decisions we take to reinvent today directly impacts how we will live tomorrow. **When it comes to making a choice, we choose to impact positive.**

**A pioneer of the Reclaim Rubber industry** in India since 1978, we have come a long way in developing, strengthening and advancing our core competency -

the manufacture of Speciality Grade and Whole Tyre Reclaim Rubber. Much like our **450+ loyal customers** across the globe, we recognise that the time to make technologically advanced, eco-friendly choices for the future of our planet has arrived. And, we are in the perfect position to become a change agent that drives these choices to fruition.
